Promoting Global Partnerships for Health

THET's National Conference for Health Links 2009

**Cardiff University Campus, Humanities Building,
Colum Drive, Cardiff, CF10 3EU**

Thursday 2nd April 2009, 10:30-17:00

The conference programme includes an opportunity to:-

- *Debate with top level speakers*
- *See THET's new revised Links Manual*
- *Network and Learn with Links participants across the UK*
- *Help shape the Department of Health's New Framework of Guidance on involvement in international development.*
- *Catch up with the latest on the UK Government's new Links Funding Scheme and International Health Links Centre*
- *Meet developing country colleagues*

Please contact Sharon Horder, Charity Administrator, if you have any queries about the conference sharon@thet.org

Registration fee is £20 which includes the cost of lunch and refreshments.

BOOK YOUR PLACE NOW!

* Links are long term partnerships between NHS institutions in the UK and their counterparts in developing countries. Links respond to priority needs identified by the overseas partner. The main focus is on teaching and training health workers, on building institutional capacity, training trainers, and helping to develop better systems of managing and delivering healthcare.
