July 2011

Dear Sir /Madam

INVITATION TO FUND RAISING FOR JIRAPA REHABILITATION CENTRE

The patrons and members of MotecLife-UK invite you / your establishment /church to our first ever fund raising event in Ghana in aid of a Malnutrition Rehabilitation Centre in Jirapa in Upper West of Ghana.

There is a high prevalence of malnutrition in children in the Northern part of Ghana especially the Upper West Region. Many of the children admitted to the hospital with other medical conditions have underlying problem of malnutrition and some young lives are lost from malnutrition

Motec and the people of Jirapa have taken action to establish a Malnutrition Rehabilitation Centre for children to improve their nutrition, educate and equip the mothers with vocational training in appropriate nutrition using local food materials/ home grown and investments that will give them income generating family based jobs sufficient to help them maintain good nutrition and good health.

The proposed project will cost about \$150,000.00 MotecLife-UK has, since last year raised funds and materials from the British Public. We hope to raise about \$50,000.00 to enable the first phase start in October 2011. The chief and people of Jirapa need your support and donation.

Date 7th of August. 2011
