

MOTEC LIFE – UK: MISSION STATEMENT

- Motec-Life UK is a medical charity based in West Hertfordshire and comprises mostly of volunteer medical and allied health professionals.
- We are dedicated to improving educational, training and health care services in sub-Saharan Africa especially Ghana.
- We work with the Ghanaian para-medical institutions to upgrade the services they offer the general public.
- The opportunity to work with colleagues in sub-Saharan Africa, provide professional experiences of mutual benefit to the volunteers from the United Kingdom and our health workers in Africa.
- Our services benefit our Ghanaian medical and allied professional colleagues, students and the patients we serve.
- We rely on the generosity of the members of the public, philanthropists, organisations and companies and the sacrifices of many to keep our humanitarian work going. The demand for our services is daunting.
