

Nuwlife Project receives community and political support

Mr and Mrs Felicity Adu-Mills and family supported by friends and the church elders of Grace Baptist Church at Tema have been involved in a fund raising event in Ghana in support of Motec's Nutrition Working for Life Project for the Jirapa District. The function was attended by the chief of Jirapa Naa Ansolleh Gaa (former Ghana's IGP), Member of Parliament for Jirapa Dr Darkura and church members. Monies were donated and pledges as well as political support by Dr Darkura and the Naa Ansolleh Gaa on behalf of Jirapa citizens association (JEDA). The event was strongly supported by Rev Ocquaye, the resident pastor of Grace Baptist Church. Donations continue to be made into NUWLIFE Fund which aims at \$150,000.00 to cover the cost of construction and the running of the Nutritional rehabilitation centre. The project is a community based project (see Nuwlife at www.moteclife.co.uk under projects) Gratitude to all who attended including the lovely musicians who were pretty 'immaculate'. Donations continue to be made and a final figure is expected to be made by the end of September.
