

## SUMMER IRWIN'S **Motec** Life-UK SPECIAL PIZZA PARTY

Tim's Spring, Ashridge Nr. Berkhamsted Hertfordshire, HP4 1LX

# Saturday 5<sup>th</sup> July 13.30 – 16.30

### **PIZA OVEN ON SITE**

The flour is the finest available on Earth, specially imported from Naples. variety of toppings to offer, eg: Tomato puree; normal mozzarella; mozzarella di buffalo; salami/pepperoni; mushrooms; artichokes; olives; anchovies and some green salads.

Every item where possible is handmade, tomato topping ourselves. The pizza bases are made using the flour (as above) plus virgin olive oil which is made on our Greek friend's farm in the Pelopponese area of Greece, we sprinkle fresh basil on the top and also, in season, we use fresh oregano which I pick from our garden. If you have any particular topping which you like which is not mentioned here, let me us know and we will get it. Drinks will also be available. Ordering your pizza: We will have little paper lists and people tick what toppings they like and Andrew makes the pizzas. Andrew's Greek friend, who is an expert, might even come along to assist with cooking (he is obsessed with cooking pizzas).

Please enjoy the pizza party and support Motec's educational programmes in Ghana.

Yaa.....mi ....Yami!
