

Training of young doctors take centre stage in Motec's April visit to West Africa

April working visit to Ghana offered opportunities for both West African and the Ghana Colleges of Surgery to 'close ranks' with London on the training of young doctors.

Pictures - The Faculty of Surgery of WACS (Chief Examiners) go through the discussions as Motec Patron Mr Peter Dyson and Motec President Paul Ofori- Atta support Prof Nigel Standfield in Accra. Mr Dyson is also pictured with a successful final Orthopaedic Fellowship Examinations held in Accra.

Gratitude to all who supported the 3 year trail of talks/ consultations!
Special thanks to Prof Standfield and Mr Peter Dyson!
