SUMMER BBQ!

Last summer the Pre Op Assessment team had a summer day out in the countryside of Bucks - at home in Quanton. We had a couple of barbeques on the go, and we all brought along a dish to share.

This year Nigel and I extend our welcome to each of you and your families and thought that we would join with Paul Ofori-Atta and have a whip round to support his work in Ghana.

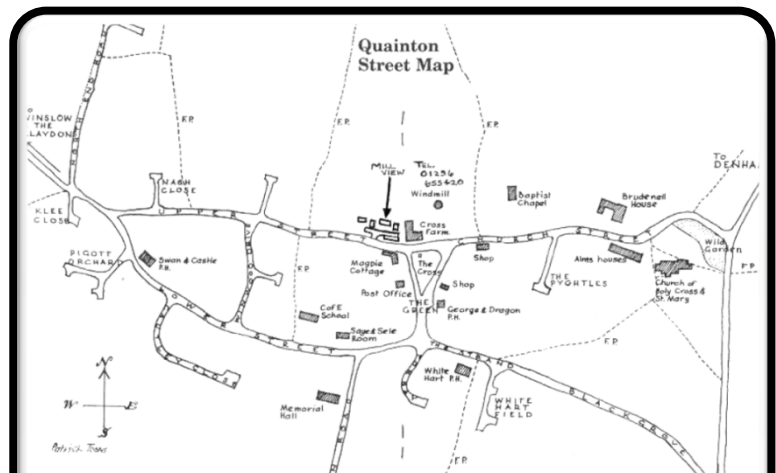

If the weather is favourable then the more energetic can have a run up the hill or around the village, the rest of us can enjoy a sit down with a glass of wine / juice and barbeque, just try not to be eaten by the carnivores!

Date: 18th July 2009
1130 – 1630

RSVP is essential!
